Patient Safety & Quality

The NRH prioritises the delivery of quality and safe patient care under HIQA and other quality standards. It is the responsibility of all staff at all levels to ensure that the highest level of quality services required for each patient is maintained. If you have a concern regarding any issue of patient safety and well-being please bring this to the immediate attention of your manager.

Quality and Patient Safety supports the Health Service to deliver high quality and safe services to patients and service users. The post-holder is responsible and accountable to deliver a quality service that ensures patient safety. The post holder will work within a risk management framework that complies with the Health Information and Quality Authority (HIQA) National Standards and other quality standards as appropriate.
The extent of speed and change in the delivery of health care is such that adaptability is essential for all staff. The post-holder will be required to maintain, develop and enhance the necessary professional knowledge, skills and aptitudes required to respond to a changing situation.

This job description does not contain an exhaustive list of duties, and the post holder may be required to undertake additional responsibilities. It will be reviewed from time to time in order to adapt and develop the role, according to service needs and Hospital policies.

I agree that this position description clearly outlines the specific responsibilities and duties that are to be carried out as part of this role. I also understand that these represent the minimum requirements to perform the duties at the current level.

To be signed by the post holder.
