CLINICAL SPECIALIST RADIOGRAPHER (Permanent Full Time Position)

Applications are invited for the above post from suitably qualified persons

The position of Clinical Specialist Radiographer is responsible for producing high quality images to assist in the diagnosis of disease and injury. The post holder will be required to deliver a quality, patient focused radiographic service and be responsible for the day-to-day service in general x-ray rooms while being responsible for the day to day DXA radiography service, PACS/RIS support and radiation safety in the National Rehabilitation Hospital.

Requirements:

The candidate must, on the latest date for receiving completed application possess:

Essential

- An honours degree or diploma in Radiography or equivalent. (If this qualification was gained outside the Republic of Ireland it must be validated by CORU).
- Must be a member of CORU.
- A minimum of 6 years relevant post qualification experience including:
 - General Radiography
 - DXA scanning
 - PACS/RIS administration
- Experience in all aspects of General Radiography.
- Experience or qualification in Radiation Safety.
- Excellent planning and organisational skills.

Desirable

- Experience in the supervision or managing of staff.
- Qualification in DXA Scanning.
- PACS/RIS experience.

Remuneration is in accordance with the Clinical Specialist Radiographer salary scale approved by the Department of Health.

Applicants for the above post should submit a letter of application and curriculum vitae not later than **12:00 noon on Friday 5th of April 2019** to Paul Margey, Human Resource Department or email paul.margey@nrh.ie A job description for the above post is available on request from Paul Margey or at www.nrh.ie/careers
