

The National Rehabilitation Hospital (NRH) is currently undergoing a major transformation of its facilities and services. We are in the process of moving into Phase 1 of our New Hospital Development which is a new state of the art, purpose built facility. Phase 1 of our New Hospital has purpose built ward accommodation with integrated therapy services, living and social spaces and clinical and ancillary facilities - the first of its kind in Ireland. This new facility will contribute to a positive environment for achieving the desired rehabilitation goals and outcomes for each patient and will impact positively on staff delivering our services We are very proud to be moving into this fantastic new development very soon and are seeking dynamic professionals to join our team at this pivotal and exciting time in the history of the NRH.

Peamount Healthcare has a long history of provision of rehabilitation services as well as long-term care services for those with neuro-disability. The focus of the Peamount Healthcare's current strategy is to enable individuals to live more independently through the delivery of effective health and social care services.

The new 10 bed neurorehabilitation unit is located within the brand new purpose built 100 bed unit - The Aberdeen Centre. Peamount takes referrals from across the Dublin Midlands Hospital Group. Dublin Midlands Hospital Group services a population of approximately 800,000 with over 10,000 staff and the hospital groups academic partner is Trinity College Dublin

Applications are invited from suitably qualified persons for the following vacancy:

**TEMPORARY CONSULTANT IN REHABILITATION MEDICINE
(FULL TIME - 6 MONTH CONTRACT)
TYPE A**

FULL TIME APPLICATIONS PREFERRED / PART TIME APPLICATIONS MAY BE CONSIDERED

This role provides an exciting opportunity for a Consultant in Rehabilitation Medicine to be involved in shaping the future of neurorehabilitation services in Ireland.

The advertised post will be one of 3 WTE Consultant in Rehabilitation Medicine posts supporting the delivery of specialist rehabilitation services across NRH, Peamount/CHO 7 and Dublin Midlands Hospital Group Network. The overarching aim is the development of neuro- rehabilitation services to improve patient outcomes by providing safe, high quality, person -centred neuro-rehabilitation at the lowest appropriate level of complexity in line with the National Clinical Programme for Rehabilitation Medicine Model of Care (MOC) and the Neuro-rehabilitation Strategy Implementation Framework (IF). These services will be configured into population based managed clinical rehabilitation networks (MCRNs).

Funding has been approved which will see the introduction of an inpatient neurorehabilitation unit at Peamount Healthcare. The additional inpatient service at Peamount will be a key development within the managed clinical rehabilitation network demonstrator project.

NRH has been accredited by CARF for the Comprehensive Integrated Inpatient Rehabilitation Programme.
