

Coronavirus
COVID-19

**National Rehabilitation
University Hospital**

An tOspidéal Náisiúnta Athshlánúcháin

Visitor Information Update

In line with Public Health Advice, and until further notice:

- Visitors will be asked to produce their EU Digital COVID certificate or HSE COVID vaccination record, or other proof of immunity. Visitors may also be asked to show photo ID to prove that the proof of immunity is theirs. There may be some exceptions, for example, a visit may be allowed to proceed on compassionate grounds.
- The hospital may refuse access to a person who is unwilling to comply with the guidelines.
- Nominated support partners or accompanying persons with patients are **not** required to show an EU Digital COVID Certificate or HSE COVID-19 Vaccination Record or other proof of immunity for access.

.....continued overleaf

New Patient Admissions

Patients being **admitted** to the NRH will be asked if they have returned from the countries listed under National Guidelines, in the 14 days prior to admission.

If the answer is yes, then the patient will be restricted to their single room and cared for using COVID-19 Personal Protective Equipment (PPE), regardless of symptoms, vaccination or immunity status. A swab for COVID-19 will be sent and followed up with the Infection Prevention and Control team.

The list of restricted countries is continually being updated - details can be found on www.gov.ie – search 'government advice on international travel'.

COVID-19 information can also be found on:

- The HSE Website - www.hse.ie
- The Health Protection Surveillance Centre - www.hpsc.ie

We ask that this information is shared with family members and visitors in advance of any visit, and that the guidance is followed to protect the health and safety of our patients and visitors.
